Sales were estimated at 200,6 banking firm, and during the early afternoon prices showed a net loss of about 30% points under Wall Street selling, which followed the weakness in the stock market. The close was steady without much change in prices. Liverpool was steady, owing to retent reports, which have been confirmed, or short Indian crop, and due in part to the steadiness of southern spot markets, which are reported as unchanged to \(\frac{1}{2} \) c. higher. First was predicted for the western belt \(\frac{1}{2} \) c. higher.
